- relax, get people to talk!

**Bible** - use easy to understand and read - questions designed for NIV  
- photocopy so they have a copy to write and scribble on  
- get them to read the passages at start of study and read to answer Q's

**Don't assume anything** - explain: background of Romans  
who Paul was  
chapters and verses

**Prayer** - can pray at start of each study, short & simple prayer - "anyone mind?"  
- time for others to pray in week 5

**Explain approach** - symbols  
- want discussion / agree or disagree with Paul and bible  
- "how what Paul wrote 2000 years ago relevant to you"

**"Not whole story!"** - MUST come back otherwise only get bad news  
- make a joke out of it!

**Follow-ups** - HARDWORK to call people couple days prior for first 3 weeks  
- catch up and have coffee "what think of study?" agree 'sin' etc?

**Put people ahead of the study** - make decision continue or wait a week  
- talk and care for people individually

**Work as a team** - back each other up, help out, non-leader part of group...  
- two leaders creates another friendship that God can use

**PREPARE!** - know the study  
- think from their perspective - what unsure of meaning and what questions might they be thinking?  
- explain difficult bits - understand for yourself - **do own reading and get the tapes from Pete!**
